WAS BY FAR THE MOST SUCCESSFUL

Ever Given Under the Auspices of this Body-The Amusement Programme in Particular Was a "Cracker-Jack"-The Parade in the Morning Was a Fine Feature and Very Large. Details of the Celebration,

Labor Day in Wheeling was observed Saturday in a fitting celebration under the auspices of the representative labor body, Ohio Valley Trades and Labor Assembly, The assembly has given a number of celebrations in the past, but Saturday's is the most successful from nearly every point of view of the entire lot. The parade was "one of the finest," the attendance at the state fair grounds was up to past standards, and lastly the amusement programme was, for the assembly at least, a record breaker—the finest lot of attractions ever shown on a picnic programme in Wheeling being the result of the weeks of constant ef-

the result of the weeks of constant elfort by the amusement committee headed by Mr. J. H. Burtt.

About three thousand men were in the parade, which started from the rendezvous at Twenty-third and Main streets, South Side, at 10 o'clock, under the chief marshal, John W. Norrington, and wound up at the fair grounds shortly before noon. The Riverside ironworkers and Gardield Assembly, K. of L. made a brilliant show with their "K. of L." sun-shades. The printers turned outstrong, with boutenaires presented them by Hottmann, the restauranter and headed by Meister's hand. There was not an organization in line that did not do itself credit. The formation was as follows:

Lieut Gaus.

Sixteen police, in two platonis.
Chief Marshal John W. Norrington and Staff-John Minkeneyer, Thousas Fox. Henry Foster. Henry Tempteton. Osborn
Gray and Max Levy.

The peoply continued to crowd around the gates at the fair grounds until long after 1 o'clock, and at 4 o'clock the count showed over 5,000 people had been admitted. The usual side attractions were on all sides and all found it easy enough to mart with a pocket-full of the "stuff." The first track event on the programme was the free-for-all pece, in which five horses started, and McLaughlin's Highwayman again showed his superiority over all other Wheeling pacers. In the first two heats his nearest opponent was Harry L. Whest's Vonie. In the third heat Harry McLaro's Mabel Flood was coming up at a terrific clip and would have taken the heat but for an unfortunte break almost at the wire. The break almost at the wire. The

The bicycle race was a very interesting contest, finally wen by Max Mahike. Stamp took the first heat after a hot brush with Heary Mahike at the tape. The next three heats were captured by Max Mahike, giving him the fine gold watch. The summary:

The running race was a very protty event, and was taken by Dr. Reefer's Bob Anderson in three straight heats. The summary:

The special match race between trotters owned by Michael Agnic and Edward Elliott was a walkover for Elliott. The time was in the neighborhood of

3:30.

The last event on the programme was the cake walk, in which only two couples participated, and was won by Joe Franklin and lady.

THE MOZART FESTIVAL

It Will be a Notable Event in Musical

Circles The coming festival of music on the afternoon and evening of Monday, September 3, at Mozart park, under the auspices of the Mozart Singing Society, one of the local organizations that did so well at the recent Toledo sengerfest, promises to be a notable event in musical circles. In addition to the ongagement of Miss Electa Gifford, the Chicago song bird, whose top-notent alent is generally known, and who made the soloistic hit of the sengerfest, the society has secured Prof. Blumenberg, the violin soloist, of Martin's Ferry, who has achieved a more than local reputation. These with Mrs. Flora L. Williams and Mossrs. Charles Zolauf and Will B. Day, of whom it is not necessary to make special mention, an excellent programme will result. It will be made up of tries, daets and solos, and a number of the pieces rendered at the sengerfest will be given; one with Opera Hebse band of eighteen pieces has been engaged. so well at the recent Toledo sengerfest,

COAL SHIPMENTS

Over the C., L. & W. Larger Than Ever Before Known.

For the past week coal shipments over the Cleveland, Lorain & Wheeling railroad have been greater than ever before since the completion of the road. The coal comes west over the Baltimore & Ohio road to Bellaire where it is transferred to the C., L. & W. and brought up to the Bridgeport yards. Saturday 150 car loads were handled and yesterday 180 car loads were sent out in ten trains. a part of which were drawn by

passenger engines, the coal traffic being so large that the freight motive power is not equal to the emergency. The C. L. & W. officials now have in sight 600 cars of coal to handle inside of the week, but they do not anticipate a coal blockade. The coal is all bound for lake ports, nearly all of it being consigned to Cieveland.

which were published in Friday's IN-TELLIGENCER.

SATURDAY evening in North Wheeling a meeting of persons interested in the proposed emigration movement from here to Lewis county was held, attended by J. B. Finster, a representativa of the Pickens Land Company, on whose land the emigrants will locate. It is said thirty families will go in a week or two. week or two.

week or two.

SATURDAY was the day of the annual richie of the Baltimore & Ohjo railroad trackmen. About 200 of the trackmen and their wives and friends took advantage of the free transportation offered by the company and wont to Cameron. The attendance was large and would have been much larger but for the fact of the labor picnic. All those attending reported a pleasant time.

George Bell, the proprietor of a

ing reported a pleasant time.

GEORGE BELL, the proprietor of a boarding house on Ninth street, complained to the police of the frequency with which some unknown nerson had been relieving his guests of wenring apparel and breaking into their trunks. Mattle Young, a colored girl from Bridgeport, who had been in his employ for a short time, was the object of his suspicions. Lieut, Gaus went to the boarding house and took the girl in custody. On the way to the police station she confessed that she was the guilty party and that the stolen articles station and contessed that she was the guilty party and that the stolen articles were at her home. Lieut, Lukins went over to Bridgeport and recovered the articles. As the girl's employers did not wish to prosecute her, she was released.

MEETING OF THE TRADES ASSEMBLY

And General Labor Day Committee Yesterday Afternoon-Iu the Assem bly Meeting a Bakery Controversy Figured Prominently-Labor Day Committees Make Reports - Over Five Thousand People Attended.

Yesterday afternoon a regular meeting of the Ohio Valley Trades and Labor Assembly was held at the assem-bly hall, which however, was only fairly well attended, the fatiguing labors of the celebration on the day previous affecting unfavorably the attendance. President Robertson and Secretary Saulsbury occupied their respective

The boycott committee reported several boycotts still in force, including those on a brick contractor and on a local coal mine. There was a spirited discussion regarding the boycott on s Wheeling bakery, and arguments were wheeling bakery, and arguments were heard pro and con on the proposition to "lift" the boycott. The principal objection to removal at present was that the bakery is said to refuse to allow its men to become organized into the bakers' union. A vote was taken and resulted in the proposition meeting defeat, 8 to 13.

An appeal from the missing of the principal of the proposition of the proposition of the proposition of the principal of the princip

to 13.

An appeal from the miners of Summit Mines, Pa., was received and on motion laid on the table.

The bakery question was again brought up by a delegate asserting that the local bakery should not be connected with the Pittsburgh man on when the bayesty was regiminally placed. the local bakery should not be connected with the Pittsburgh man on whom the boycott was originally placed. A motion to exclude the local bakery from the workings of the boycott was made but was met with numerous and excited objections. Several other motions were made and the discussion got warmer and warmer. One motion was made that the arbitration committee should go to the bakery and see whether the management will allow the monemployed there to be organized, Others thought and a motion was made that the organization committee shall have the matter in charge. A delegate asserted that any elforts to organize the employes of this bakery will be unsuecessful because someone, not the manager, will make the employes believe it is not for their interests to join the union. The motion to refer to the arbitration committee was then put and resulted in its being carried 21 to 9. This committee will at once go shead and try to secure the consent of the baker to organize the men.

Delegate Michael Grogan moved that the assembly congratulate itself on the magnificent success scored in Saturday's big celebration. The motion was put and carried with a rush.

THE GENERAL COMMITTEE

Having the Labor Day Celebration in Hand Meets.

After the meeting of the assembly a farewell meeting of the labor day general committee was held for the purpose of winding up its affairs. A good pro-portion of the membership of the committee was present. The amusements

mittee was present. The annusements committee reported its programme had been carried to a finish without a hitch. The president remarked the annusements were the best in the history of labor day celebrations.

The gate committee made a partial report on the number of people who attended the labor day celebration, and the number is 5,102. Other committees made their reports, all of them were partial, however.

The secretary moved that the treasurer be authorized to hire a buggy and go the rounds to pay the bills. The chairmen of the various committees were appointed to close up labor day affairs to-day at 9 a. m. The committee meets again next Saturday afternoon at 1 o'clock.
